Assignment 1

Group 7

Anirudh Agnihotry	130101007
Ashish Mittal	130101010
Mekala Sai Akhil Teja	130101046
Siddharth Kumar	130101072
Yellamelli Pallavi	130101081

Title: To-do-list

User Manual: To-Do List

Main Features:

There are four main features of this application:

1. The tasks in the list box appear in sorted order i.e. the task to be completed in the near future is listed first in the list
2. Notifications – in every 15 minutes, the user is notified about the tasks to be completed in that hour, thus helping the user to be organised and punctual.
3. Priority – the user can set priority to a task, thus if user considers a task to be very important, he/she can set its priority to high.
4. Very user-friendly interface – the application comes with a very intuitive and easy to understand interface, thus the user can adapt to the application pretty easily

Figure 1 : Home window

To add a task to your list-

Click on the “Add Task” button on the home screen

Enter some description of the task, its completion date/time and its priority.

Then click on “Add Task” button to save the task.

Add a Task

Date And Time: *Sun, January 18, 2015 15:37:02 A* ▼

Add Description

Complete Software engg lab assignment

Priority: *High* ▼

Add Task Go Back

Figure 2 : Add Task window

To search for tasks-

Click on the “Search” button on the home screen

Enter the date/time to view the tasks to be completed before the date/time you specified

Then click on the “Search” button to get the tasks

Don't Forget a Thing

Date And Time: *Sat, January 24, 2015 15:43:52 AM* [Calendar Icon] ▼ Search

Task	Date And Time	Priority
complete software lab assignment	18-01-2015 05:42:12	High
python lab assignment	20-01-2015 05:42:12	Moderate
embedded systems class	23-01-2015 14:00:00	Low

Delete Task Edit Task Go Back

Figure 3 : Search Task window

To delete a task-

First, select the task to be deleted

Click on the delete button on the search window

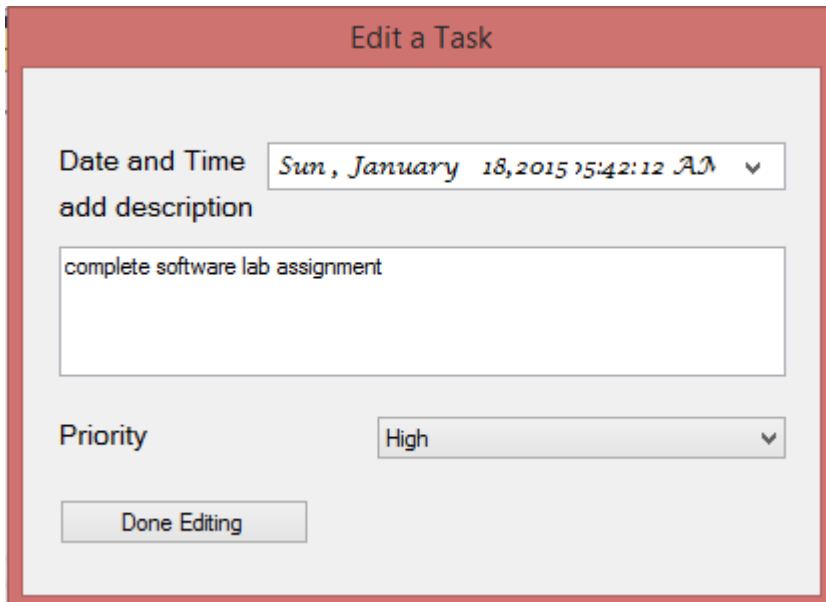

To edit a task-

First, select the task to be edited

Click on the edit button on the search window

This should open a new window, now you may change any or all of the task's description, date/time and priority

To save the changes made in the task list, click on "Done Editing" button

The screenshot shows a window titled "Edit a Task" with a red border. Inside the window, there are three main components: a "Date and Time" dropdown menu at the top showing "Sun, January 18, 2015 15:42:12 AD", a text area labeled "add description" containing the text "complete software lab assignment", and a "Priority" dropdown menu at the bottom right showing "High". A "Done Editing" button is located at the bottom left of the window.

Figure 4 : Edit Task window

To view the Licence-

Click on the “Licence” button on the home screen.

If the software is Licenced, “Licenced” would be written in the window near the bottom left corner
